FORWARD-LOOKING STATEMENTS AND DISCLAIMERS

Certain information discussed in this presentation (including information relating to portfolio companies) was derived from third party sources and has not been independently verified and, accordingly, Prospect Capital Corporation (“PSEC”) makes no representation or warranty in respect of this information.

The following slides contain summaries of certain financial and statistical information about PSEC. The information contained in this presentation is summary information that is intended to be considered in the context of our SEC filings and other public announcements that we may make, by press release or otherwise, from time to time. We undertake no duty or obligation to publicly update or revise the information contained in this presentation.

Information related to past performance, while potentially helpful as an evaluative tool, is not necessarily indicative of future results. You should not view our past performance, or information about the market or the market for our common stock, as indicative of our future operating or market results. This presentation does not constitute an offer to sell or the solicitation of an offer to buy any of our securities.

Certain statements made by us in this presentation that are not historical facts or that relate to future plans, events or performances are forward-looking statements within the meaning of the federal securities laws. Forward-looking statements predict or describe our future operations, business plans, business and investment strategies and portfolio management and the performance of our investments and our investment management business. Our actual results or actions may differ materially from those expressed in any forward-looking statements made by us. Forward-looking statements involve a number of risks of uncertainties including, but not limited to, the risks described under headings such as “Risk Factors” in our SEC filings. All forward-looking statements are qualified by those risk factors. All statements made by us in this presentation are further qualified in all respects by the information disclosed in our SEC filings. We disclaim any obligation to update our forward looking statements unless required by law.

HISTORICAL RETURNS OF PSEC SHARES AT CERTAIN DISCOUNTS TO NAV

Internal Rate of Return Including Dividends After One Year

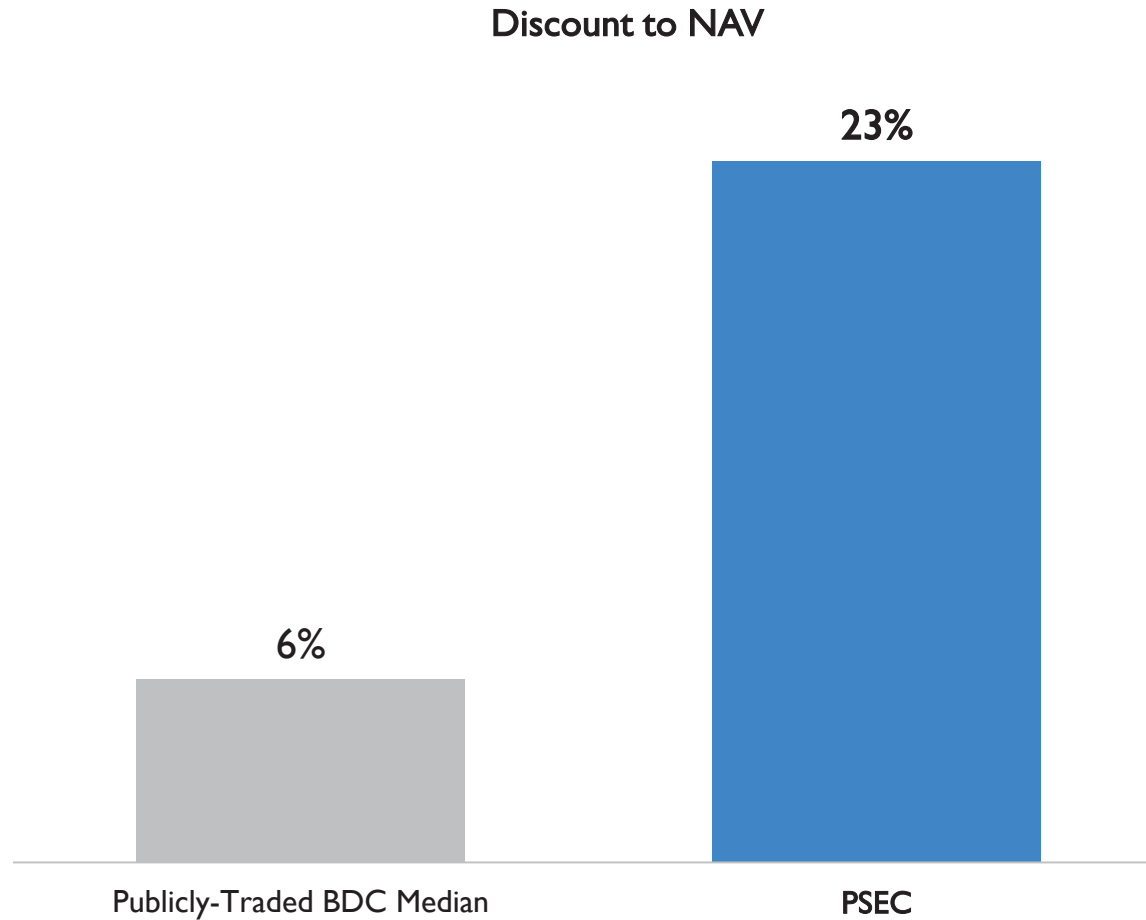

Discount to NAV	20%	25%	30%	35%
Last time PSEC stock traded at approx. this discount to NAV	10/4/2011	8/10/2011	3/17/2009	3/11/2009
Share price on this date	\$8.25	\$7.71	\$7.61	\$7.13
Share price after one year	\$11.62	\$10.94	\$12.39	\$12.52

Note: Internal rate of return defined as the annualized effective discount rate at which the present value of all future cash flows is equal to the initial investment. Information related to past performance, while potentially helpful as an evaluative tool, is not necessarily indicative of future results. As share price fluctuate in relation to net asset value, investments at other dates would have resulted in lower or negative internal rates of return. PSEC'S RETURN ON EQUITY HAS OUTPERFORMED PUBLICLY-TRADED BDC MEDIAN OVER EACH OF THE PAST 5 YEARS

PSEC Performance Percentile:

62%

82%

54%

50%

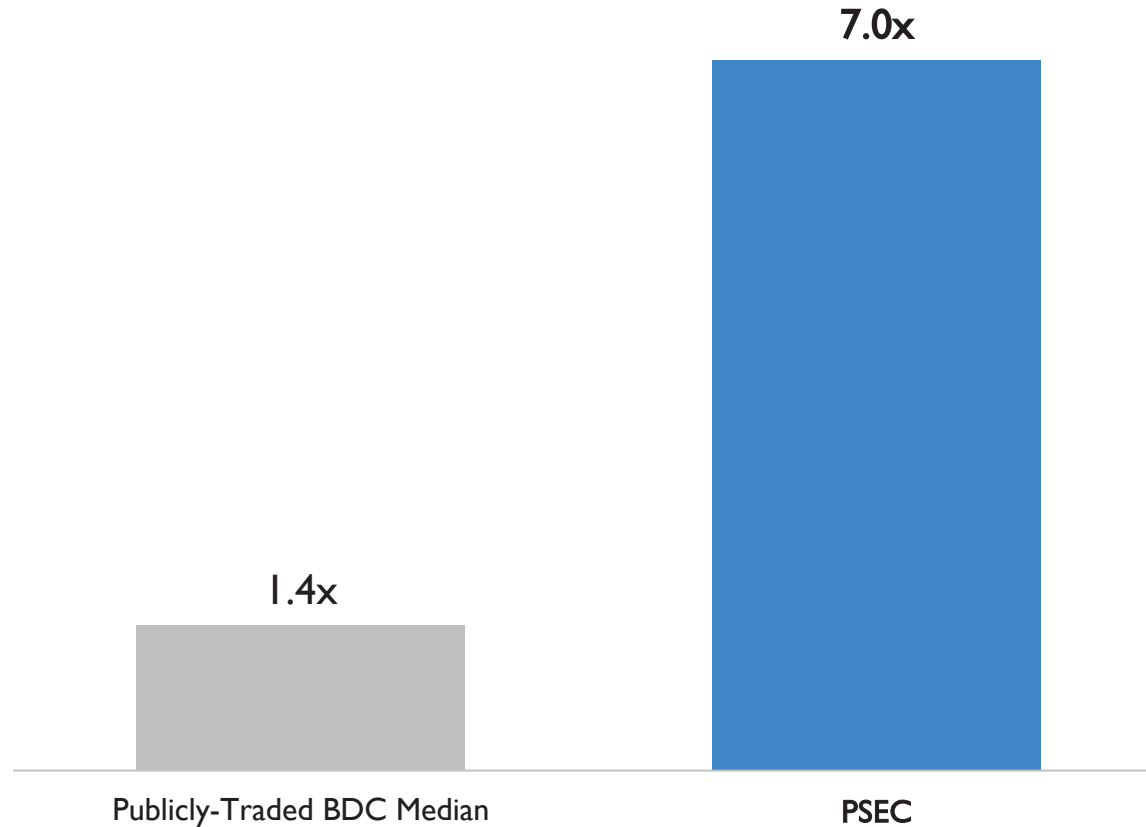

69%

67%

Note: Return on equity defined as net increase in net assets resulting from operations per share divided by average of beginning and ending book value of common equity. Information related to past performance, while potentially helpful as an evaluative tool, is not necessarily indicative of future results. PSEC and BDC median net asset values and earnings may have declined for periods since 12/31/14. Source: PSEC analysis of Capital IQ data on constituents of WF BDC Index as of 5/29/2015 for which there is data for each period (24 in 2010, 27 in 2011, 33 in 2012, 38 in 2014, and 40 in 2014).

PSEC HAS GENERATED SUPERIOR RISK-ADJUSTED OPERATING RETURNS FOR THE TRAILING FIVE YEARS THROUGH 3/31/15

Returns / Volatility – Trailing 5 Years

Note: Returns calculated as change in net asset value per share plus dividends. Volatility measured as one standard deviation in returns. Returns and volatility are measured on a quarterly basis and annualized to calculate returns / volatility ratio. Information related to past performance, while potentially helpful as an evaluative tool, is not necessarily indicative of future results. Source: PSEC analysis of Capital IQ data on 25 constituents of WF BDC Index as of 5/29/2015 that have been active during this period.

PSEC'S EXPENSES (INCLUDING ALL MANAGEMENT FEES AND EXPENSES) HAVE BEEN IN LINE WITH PUBLICLY-TRADED BDC MEDIAN

**Efficiency Ratio
(Lower is Better)**

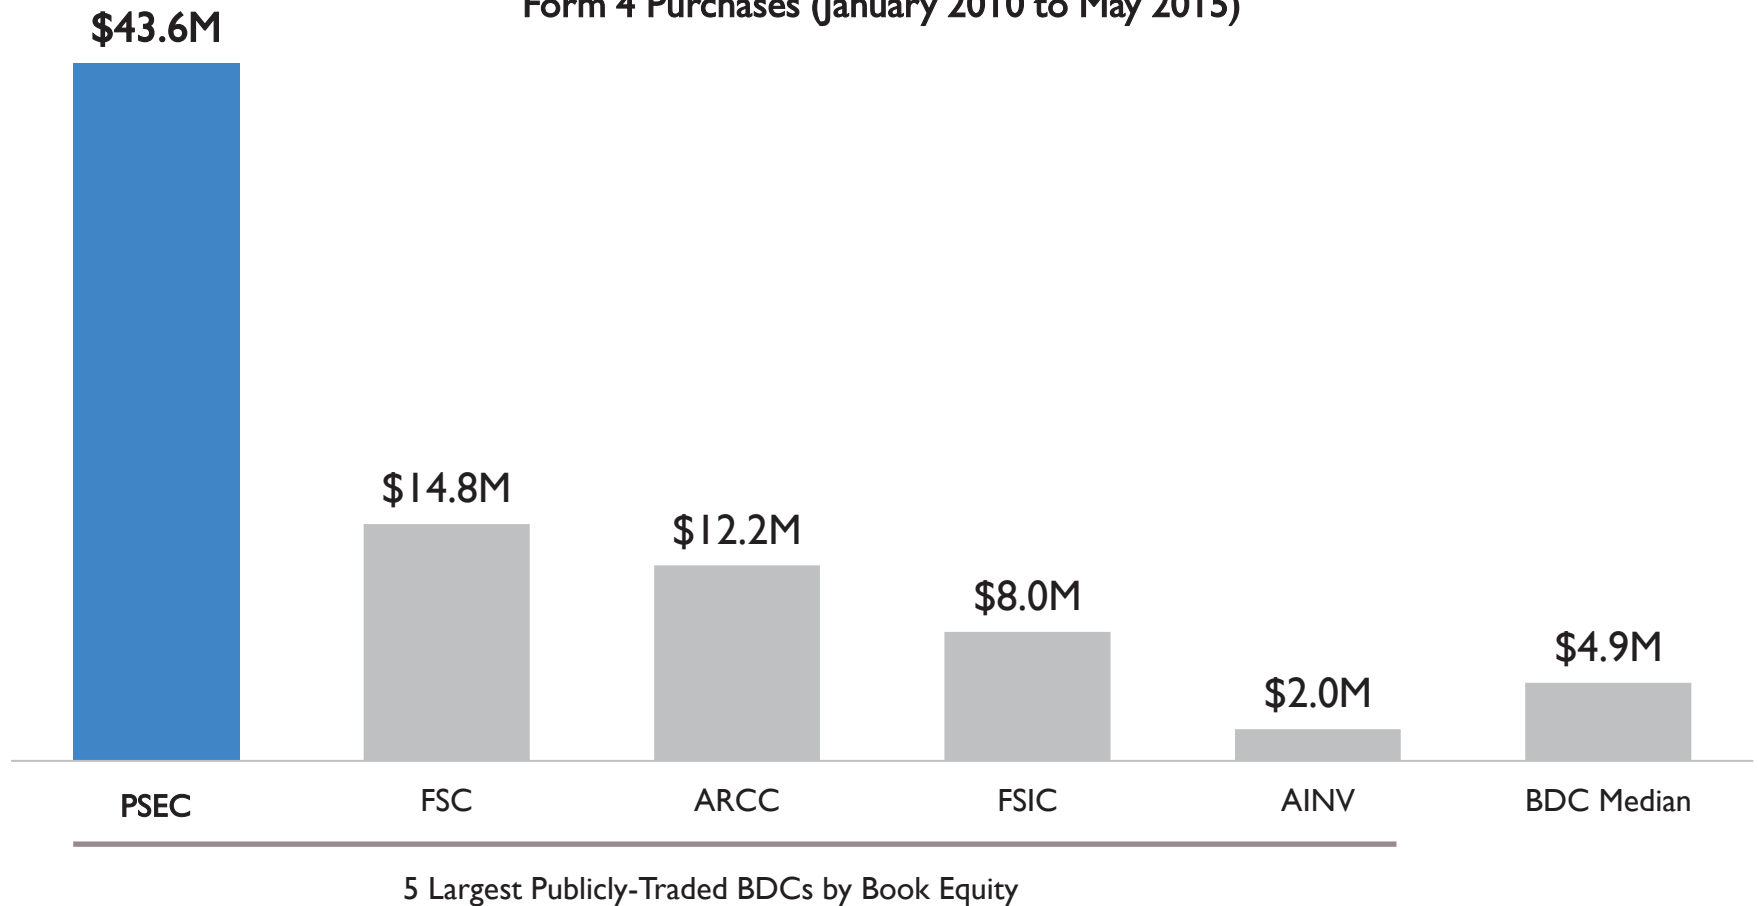

■ Publicly-Traded BDC Median ■ PSEC

Note: Efficiency ratio defined as non-financing operating expenses (including all management fees and expenses) divided by gross investment income. Information related to past performance, while potentially helpful as an evaluative tool, is not necessarily indicative of future results. Between approximately 15% and 21% of the BDCs in the WF BDC Index (depending on the year) do not focus on generation of current income, which has the effect of making it easier for PSEC's net income, net investment income and dividends to exceed the BDC median. Source: PSEC analysis of Capital IQ data on constituents of WF BDC Index as of 5/29/2015 for which there is data for each period (24 in 2010, 27 in 2011, 33 in 2012, 38 in 2014, and 40 in 2014).

SENIOR MANAGEMENT HAS MADE SIGNIFICANT INVESTMENTS IN PSEC

Form 4 Purchases (January 2010 to May 2015)

Source: PSEC analysis of Capital IQ data on 24 constituents of WF BDC Index as of 5/29/2015 that have been active during this period. PSEC senior management has not sold any of such investments.
